Groasis

ECOMBARE

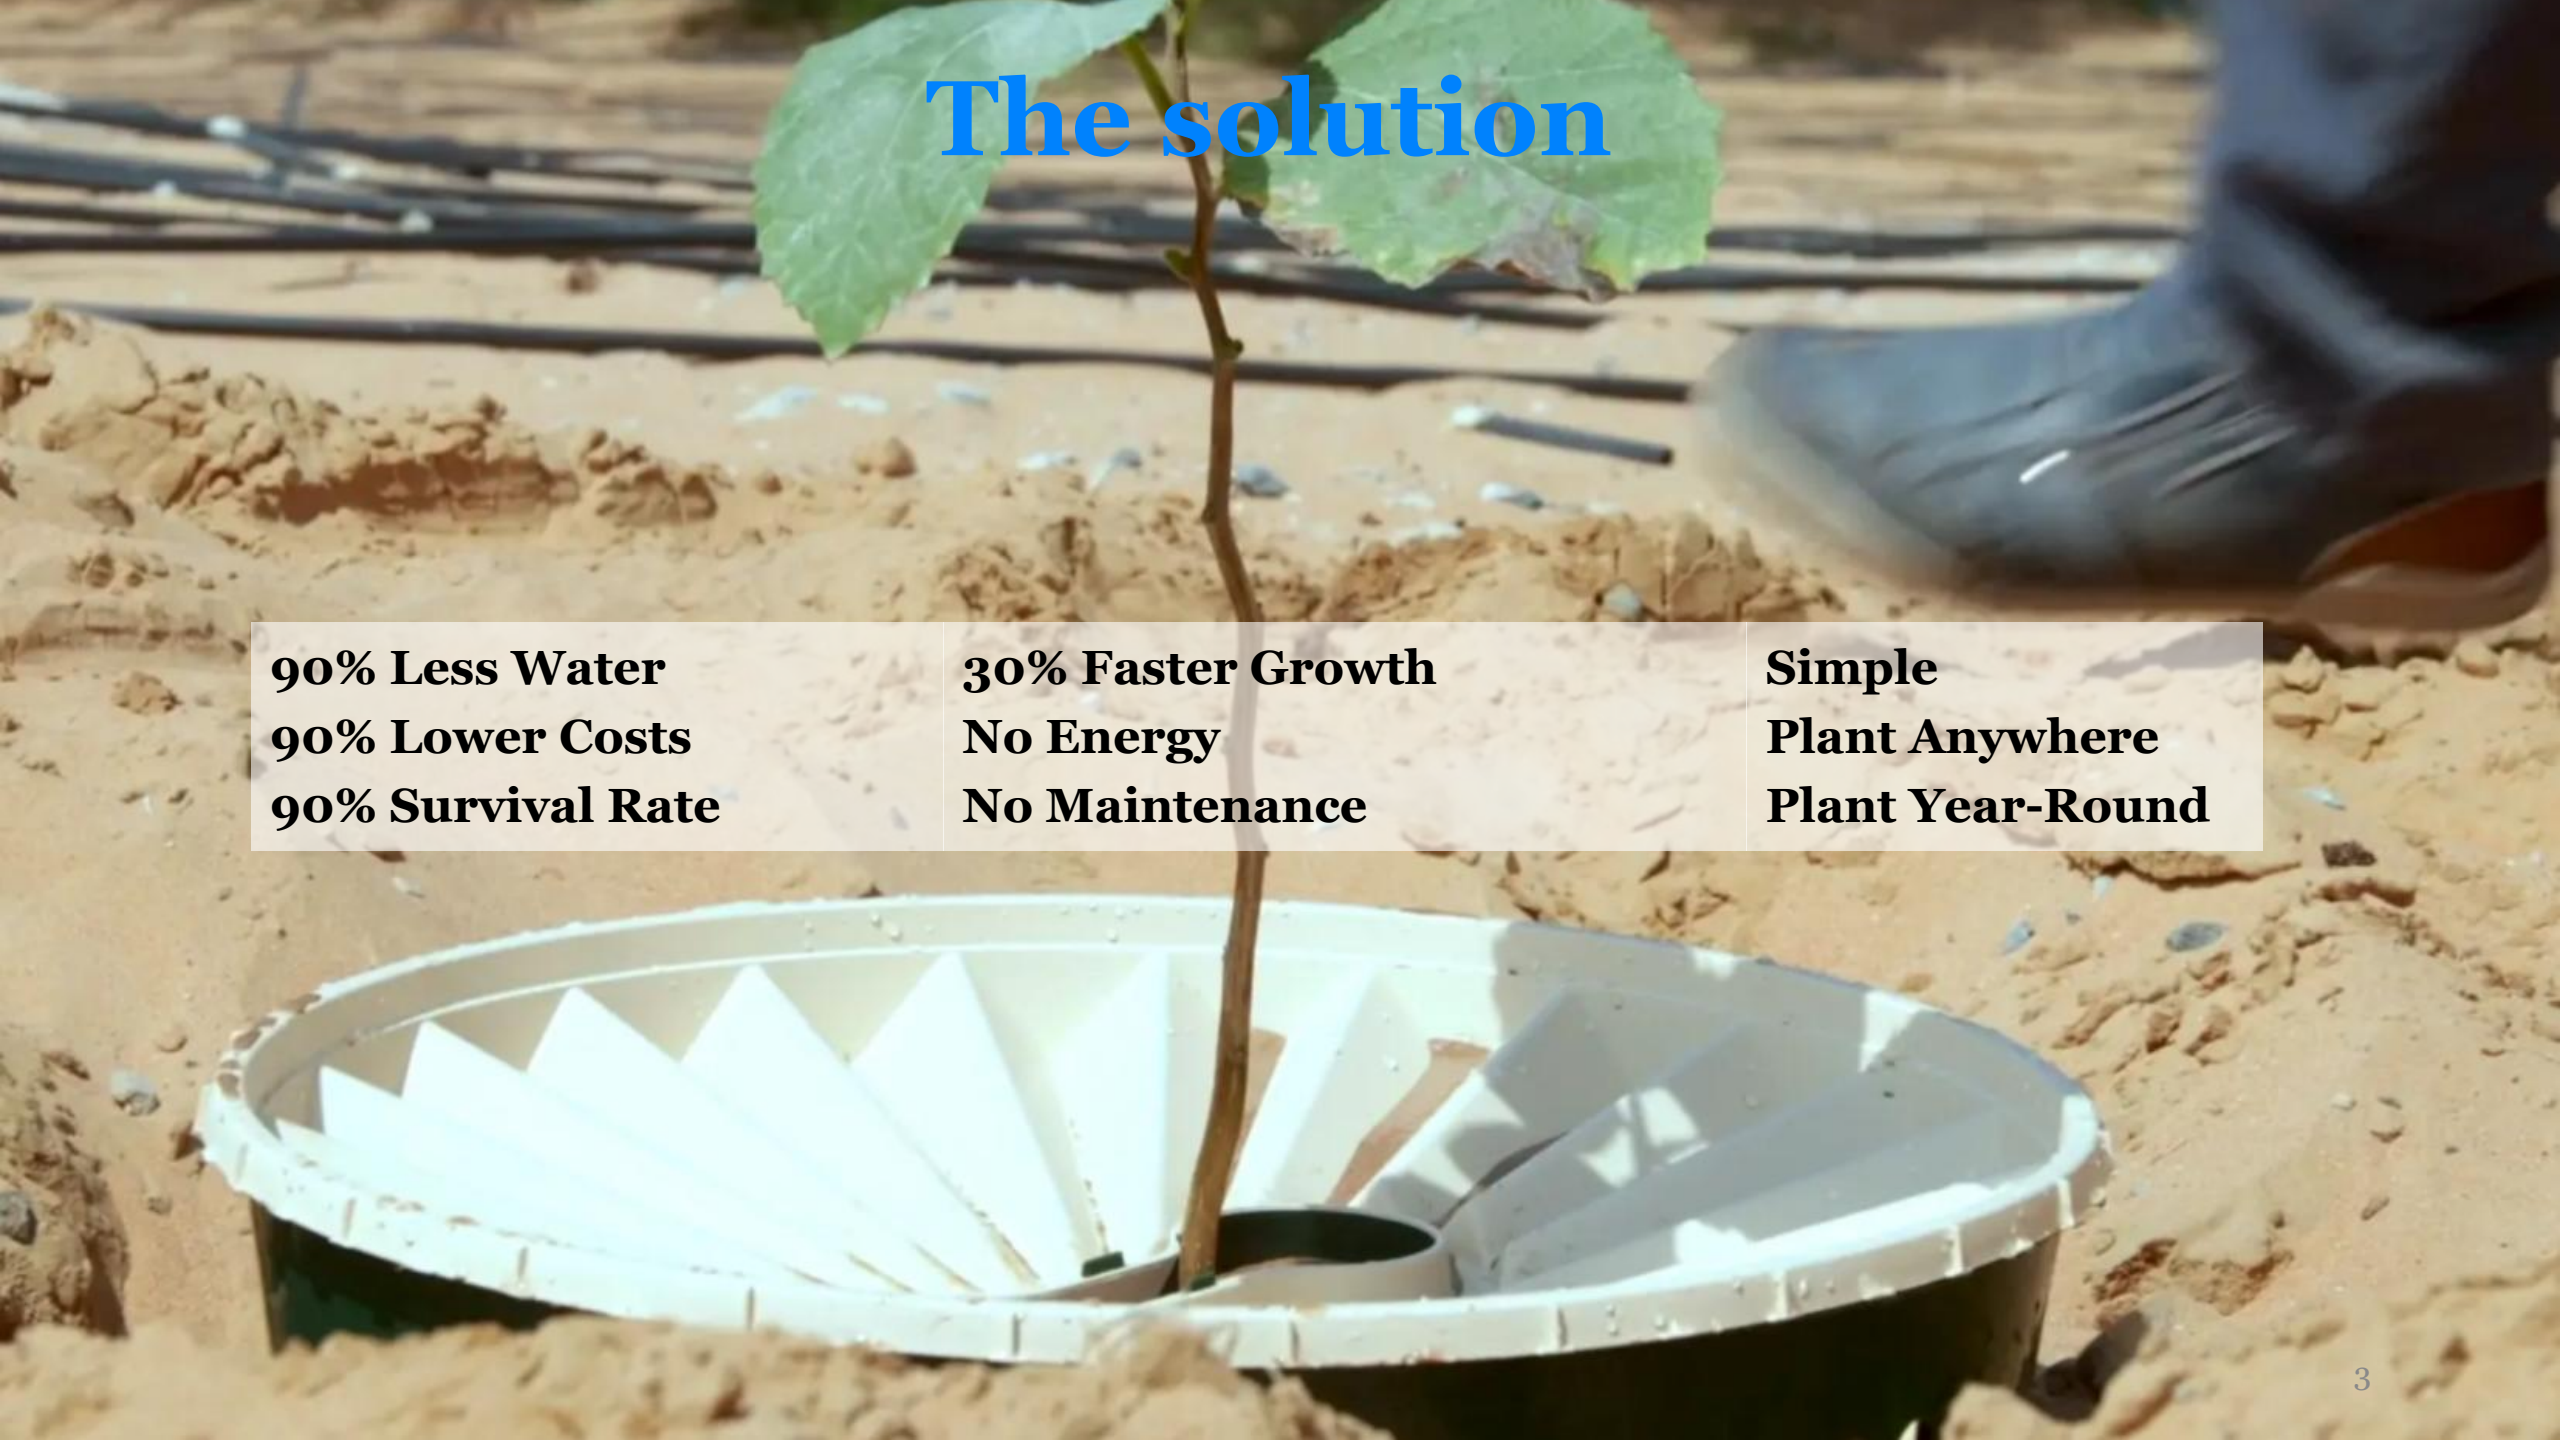
Smarter Planting. Stronger Plants.

Empower Nature: Plant Trees That Thrive. Accelerate Growth, Conserve Water, Cut Costs.

Our technology transforms deserts into green havens…

… imagine what it can do for you in Cyprus!

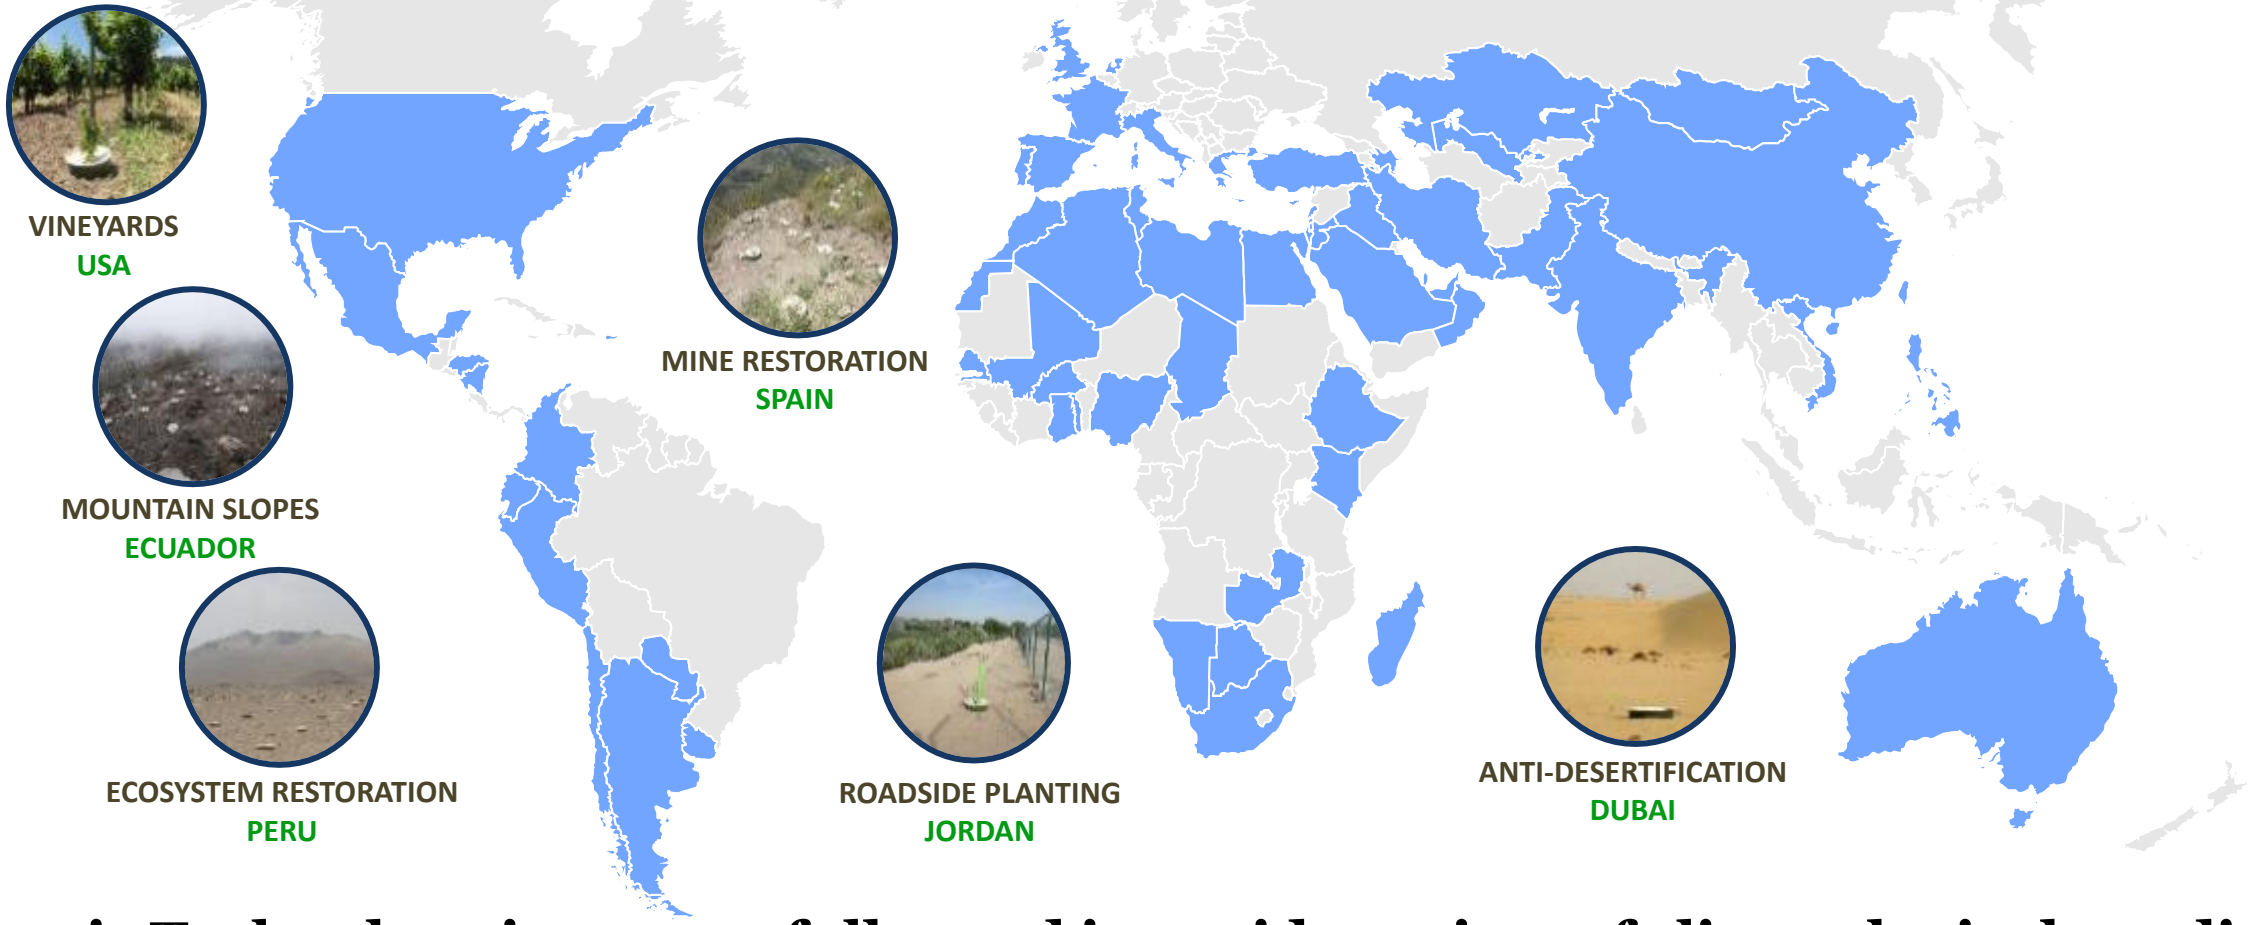
The solution



90% Less Water	**30% Faster Growth**	**Simple**
90% Lower Costs	**No Energy**	**Plant Anywhere**
90% Survival Rate	**No Maintenance**	**Plant Year-Round**

Proven around the globe

With the Groasis Technology it is possible to plant anywhere.



Groasis Technology is successfully used in a wide variety of climatological conditions (2+ million plants, 60+ countries, 6 continents, over the past 21 years)

Arakapas, Cyprus

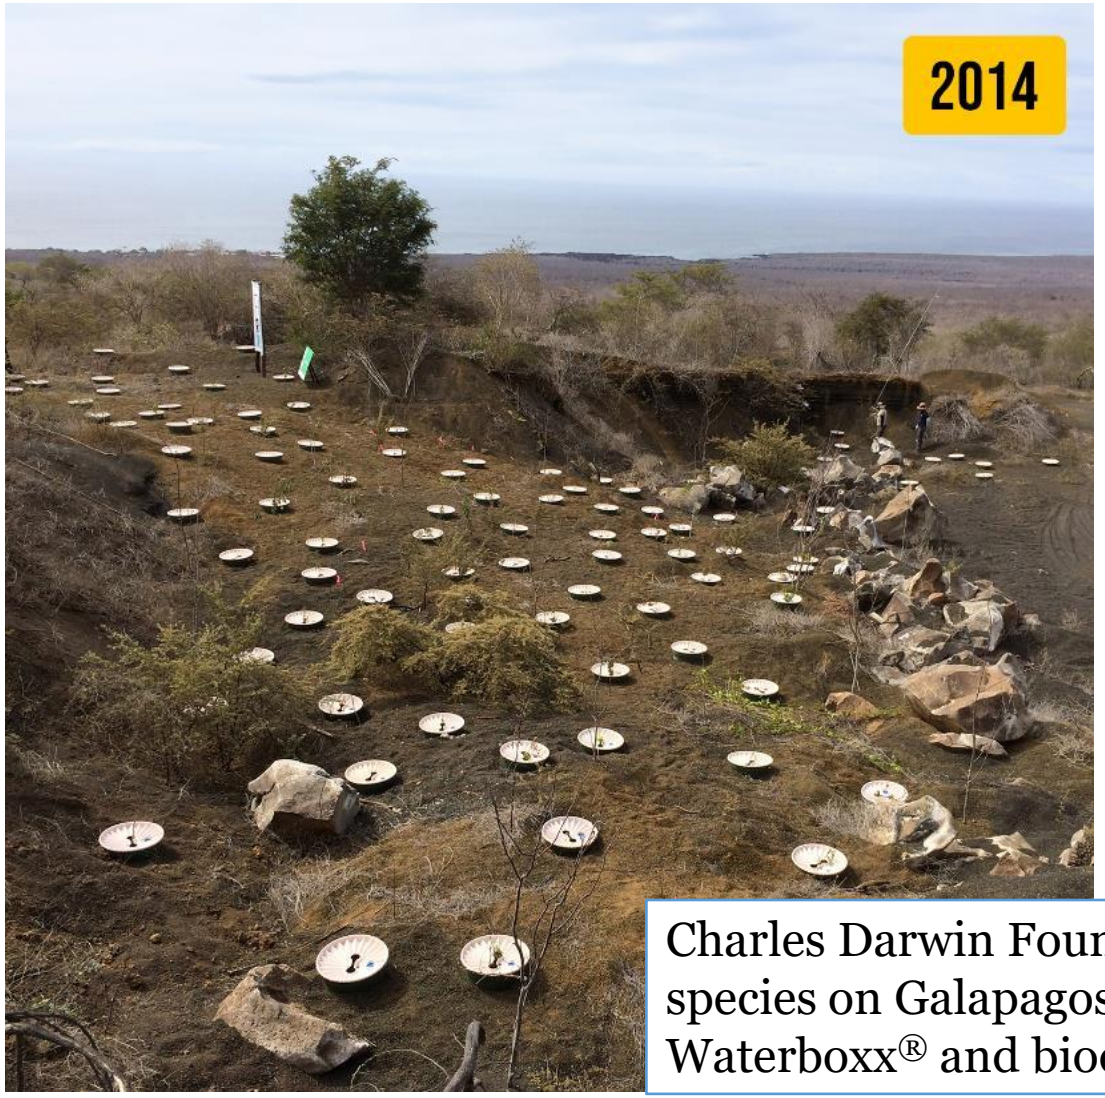
Reforestation project on a fire-damaged hillside in Arakapas.
Aims to restore the area, rebuild biodiversity, reduce soil erosion.
Planted >**270 native Mediterranean trees** and shrubs, including local endemic species chosen for their ecological importance.

Agios Amvrosios, Cyprus

Private sector CSR initiative to rehabilitate land and recover tree populations after the loss of 124km² of forest.

Over **200 carob and olive trees** planted to help restore native Mediterranean ecosystems.

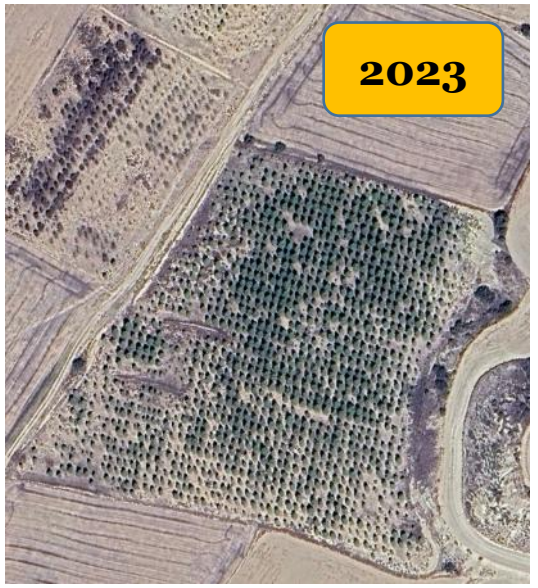
Galapagos Islands, Ecuador



Charles Darwin Foundation – returning native species on Galapagos islands; using re-usable Waterboxx® and biodegradable Growboxx®

Los Monegros desert, Zaragoza, Spain

Groasis



Tomato growing, California

Customer in Hemet, California used
1 Waterboxx® with 1 plant and
harvested more than 4 300
Juliet cherry tomatoes
in just 1 summer!

Call for action

Groasis' technology makes it possible to successfully plant trees, shrubs, and vegetables on degraded land with our unique Triple Ninety Benefit (90% less water + 90% lower cost + 90% survival):

- Restore nature where wildfires caused havoc
- Increase greenery in cities and along roads
- Boost agroforestry, tourism
- Reduce Cyprus' carbon footprint

Experience the magic of our technology for yourself!

Empower Nature: Plant Trees That Thrive.

Accelerate Growth, Conserve Water, Cut Costs.
